

## **BAND Digital Learning Day FY19**

What is the ONE THING that nobody is “good enough” performing? SCALES!

WHAT: Perform all 12 scales (multiple octaves) PLUS the *chromatic scale* (according to All State requirements as stated on the GMEA website) in 3 minutes or less.

IF YOU MADE ALL STATE THIS YEAR (2019): you should record only the posted placement etude, no scales.

HOW: You must video record the audition - on any device. Your face and hands and instrument must be in clear view at all times during the video.

1. state your name and which band you are currently in
2. state the name of the first scale you will play (DO NOT TRANSPOSE THE NAME)
3. play in the order of circle of 4ths.
4. remember you have 3 minutes.

WHY: This is part of your semester grade. In addition the recording will serve as the scale portion of your placement audition for 2019-20 school year. If you BOMB this you will have the opportunity to re-do the video by the deadline. However, if you DO NOT ATTEMPT THIS you will receive a zero and the lack of effort will be taken into consideration at the time of placement auditions.

Remember, 3 minutes or less.... GOOD LUCK!
