

# Music Lessons at AHS

Starting  
Oct 1<sup>st</sup>!

The AHS Band program is excited to announce a new Music Lessons Program  
→ Now including many new instruments and instructors!

**Why take lessons?** These supplemental lessons provide one on one instruction for Band students, in a setting that focuses on music being played in the AHS Band classes. This extra instruction time can be the difference that takes your students' music to the next level.

**How does the new lesson program work?**

- Lessons can be taken on the school grounds. This can be during the school day, or right after school. The schedule will vary depending on the instructor.
- Lessons will be offered on a semester basis, where the student and teacher commit to a scheduled day/time of the lesson, and both sign a lesson contract. Then the student's Charms account will be billed just one time for the full amount for the semester.
- How to sign up? Once the instructor\* is chosen, students will need to fill out the contract form with the instructor to decide on the date/time of the lessons, and any holiday or vacation weeks. AHS Treasurers will help with the form and billing in Charms.

\*Music instructors in the program include both AHS Master Class and Percussion instructors that are familiar with the music students are learning for Concert Band, Marching Band and Indoor Percussion!
